

# Awaken the spiritual warrior

with  
**Shiv Charan Singh**

**13-16 december 2024**  
Saint Félicien (France)

In life's battlefield when darkness take over, we can feel the call, to stand up and fight for truth and light. But sometimes for many reasons we are paralysed or we flee. The Warrior Spirit includes a strong heart and nerves, a clear mind and intuition, the ability to transform our fears and doubts, connection and guidance from higher self. So we can be an impactful and responsible presence in and to the world.
